FREEMOTION®

DESIGNED TO BE EPIC

Elevating the workout standard with smart upgrades that maximize the effect of each rep. The redesigned EPIC Selectorized Line was created to meet today's needs of modern gyms. With lower towers, new molded seat design, Line-X® footplates and contoured counter weights, the EPIC line is the result of customer feedback, research and development and pure innovation.

EPIC

SELECTORIZED

INDEPENDENT ARM MOVEMENT

Arms move independently to create single or dual exercises, depending on the user's fitness level.
(Independent arm movement on the ES800, 802, 806, 807, 809, 816, 817 and 818 pieces.)

FREEMOTION.

EPIC SELECTORIZED

CHEST PRESS

MODEL # ES800

CABLE STRENGTH EPIC SELECTORIZED

The EPIC Chest Press by Freemotion strengthens and isolates the chest muscles for activities that involve pushing movements. The arms move in a converging axis pattern, and allow for unilateral movements for increased muscle concentration. A lower tower height creates a look that's polished and professional.

EPIC SELECTORIZED CHEST PRESS

PRODUCT FEATURES

LOW PROFILE TOWER DESIGN

The low profile tower works well with an open-design floor plan and adds to the 'welcome' environment.

CONVERGING AXIS ARMS

Arms move in a converging axis pattern to create a natural movement that targets selected muscle groups.

UNILATERAL ARM MOVEMENT

Handles move independently to create single or dual-arm exercises that build strength with balance and symmetry.

BUILT-IN STORAGE

The redesigned top cap of this machine features a built-in accessory tray to help users keep track of their phone, keys and more.

SMALLER FOOTPRINT

The new EPIC Chest Press has a smaller, narrower footprint to free up your square footage.

EXTENDED HANDLES WITH MULTI-GRIP POSITIONS

Extended handles are made to accommodate users of various sizes, while multiple grip positions allow users to perform multiple exercises on one piece.

COMMERCIAL GRADE UPHOLSTERY

The commercial grade, stretched and sewn vinyl upholstery is designed to handle constant usage.

MULTIPLE SEAT ADJUSTMENTS

Seat adjusts to multiple positions to accommodate users of all sizes.

HIP ADDUCTION/ABDUCTION

MODEL # ES809

CABLE STRENGTH EPIC SELECTORIZED

The open, accessible design of the EPIC Hip Adduction/Abduction machine by Freemotion makes working the thighs easier for all body types. This comfortable, non-restrictive design with a lower weight tower, features pivoting pads to create two leg workouts in one machine. Multiple start positions isolate and strengthen inner and outer upper leg muscles to contribute to an all over strength training workout.

EPIC SELECTORIZED HIP ADDUCTION/ABDUCTION

PRODUCT FEATURES

LOW PROFILE TOWER DESIGN

The low profile tower works well with an open-design floor plan and adds to the 'welcome' environment.

PIVOTING THIGH PADS

Padded for comfort, these thigh pads pivot to perform hip adduction and abduction movements.

MULTIPLE HANDLE POSITIONS

Designed with multiple start positions to accommodate users of varying sizes.

BUILT-IN STORAGE

The redesigned top cap of this machine features a built-in accessory tray to help users keep track of their phone, keys and more.

SMALLER FOOTPRINT

The new EPIC Hip Adduction/Abduction has a smaller, narrower footprint to free up your square footage.

TEXTURED FOOT PEGS

Foot pegs are textured for secure placement and to better help isolate the lower leg.

HEAVY DUTY FLOOR PROTECTORS

Made with molded rubber, the Freemotion floor guards help better protect your floor.

EASY SERVICEABILITY

The tower design allows for simple cable service.

EPIC SELECTORIZED

DIP-CHIN ASSIST

MODEL # ES812

CABLE STRENGTH EPIC SELECTORIZED

Dip, chin or pull up with assistance or more resistance on the EPIC Dip-Chin Assist by Freemotion. Go assisted or unassisted with a rugged, grip-coated platform that functionally trains the muscles in the back, upper arms and chest to build postural strength and endurance.

EPIC SELECTORIZED DIP-CHIN ASSIST

PRODUCT FEATURES

COMFORTABLE GRIP

Special molded handle grips are designed to fit the shape of your hand so you can focus on the workout.

FOOT PLATFORMS

Conveniently located to the sides (left and right) to facilitate easy on and off access to the product.

TEXTURED WEIGHT ASSIST BAR

The Line-X®-coated weight assist bar pivots up to create an assisted movement and firm foot placement.

SMALLER FOOTPRINT

The new EPIC Dip-Chin Assist has a smaller, narrower footprint to free up your square footage.

HEAVY DUTY CABLE

Heavy duty cable is designed to support the rigorous usage demands of this machine.

HEAVY DUTY FLOOR PROTECTORS

EPIC SELECTORIZED

SEATED ROW

MODEL # ES817

CABLE STRENGTH EPIC SELECTORIZED

The EPIC Seated Row trains the back, shoulders, and arms to work together to enhance strength for sport-specific movements like kayaking and rock climbing. The arms move in a converging axis pattern, and allow for unilateral movements for increased muscle concentration. Textured foot grips keep feet in place, so users can grab hold of the pivoting handles and focus on the workout.

EPIC SELECTORIZED SEATED ROW

PRODUCT FEATURES

LOW PROFILE TOWER DESIGN

The low profile tower works well with an open design floor plan and adds to the 'welcome' environment.

UNILATERAL ARM MOVEMENT

Handles move independently to create single or dual-arm exercises that build strength with balance and symmetry.

FREEGRIP™ HANDLES WITH 360-DEGREE ROTATION

Freegrip™ handles swivel 360 degrees, while tilting vertically and horizontally, for a natural range of motion.

BUILT-IN STORAGE

The redesigned top cap of this machine features a built-in accessory tray to help users keep track of their phone, keys and more.

SMALLER FOOTPRINT

The new EPIC Seated Row has a smaller, narrower footprint to free up your square footage.

ADJUSTABLE CHEST PAD

Chest pad adjusts to multiple positions to accommodate users of all sizes.

MULTIPLE SEAT ADJUSTMENTS

Seat adjusts to multiple positions to accommodate users of all sizes.

HEAVY DUTY CABLE

Heavy duty cable is designed to support the rigorous usage demands of this machine.

HEAVY DUTY FLOOR PROTECTORS

Made with molded rubber, the Freemotion floor guards help better protect your floor.

EASY SERVICEABILITY

The tower design allows for simple cable service.

EPIC SELECTORIZED

TORSO ROTATION

MODEL # ES818

CABLE STRENGTH EPIC SELECTORIZED

Give users the solid, core-blasting workout they want. The Freemotion EPIC Torso Rotation builds strength in the obliques and spine to grow core strength, stability and overall balance. Loaded with member conveniences such as quick pin adjustment, plush pads and a lower profile tower, this is an easy to clean machine with durable construction.

EPIC SELECTORIZED TORSO ROTATION

PRODUCT FEATURES

LOW PROFILE TOWER DESIGN

The low profile tower works well with an open design floor plan and adds to the 'welcome' environment.

TARGETED RESULTS

The fixed overhead cam is ideal for keeping the top half of the body in place while isolating torso movement.

MULTIPLE START POSITIONS

Designed with multiple start positions to accommodate users of varying sizes.

BUILT-IN STORAGE

The redesigned top cap of this machine features a built-in accessory tray to help users keep track of their phone, keys and more.

SMALLER FOOTPRINT

The new EPIC Torsion Rotation has a smaller, narrower footprint to free up your square footage.

MULTIPLE SEAT ADJUSTMENTS

Seat adjusts to multiple positions to accommodate users of all sizes.

FEEL THE FORCE

This machine's leg pads were designed to withstand outward force, creating ideal workout conditions.

HEAVY DUTY CABLE

Heavy duty cable is designed to support the rigorous usage demands of this machine.

HEAVY DUTY FLOOR PROTECTORS

Made with molded rubber, the Freemotion floor guards help better protect your floor.

EASY SERVICEABILITY

The tower design allows for simple cable service.

EPIC SELECTORIZED

ABDOMINAL CRUNCH

MODEL # ES819

CABLE STRENGTH EPIC SELECTORIZED

Two effective pivoting points, dense padding and skid-resistant foot rests make the Freemotion EPIC Abdominal Crunch different from other ab machines. The low tower height works well with the open design of your floor plan and adds to a 'welcome' environment. The water bottle holder, phone/key area and long-lasting hand grips are there for member convenience, while the extended length pin makes it easy to adjust weight settings when seated. The 4-bar linkage system provides a natural, full range of motion with gas-shock assisted handles to make the training experience easier and smoother.

EPIC SELECTORIZED ABDOMINAL CRUNCH

PRODUCT FEATURES

LOW PROFILE TOWER DESIGN

The low profile tower works well with an open design floor plan and adds to the 'welcome' environment.

CONTOURED SHOULDER PADS

Contoured and padded for comfort, the shoulder pad assembly features a gas-shock shoulder pad release for easy entry and exit of the machine.

PIVOTING SEAT BOTTOM

The seat bottom pivots upward, as the upper body pivots downward, to engage the abdominals through a natural range of motion.

BUILT-IN STORAGE

The redesigned top cap of this machine features a built-in accessory tray to help users keep track of their phone, keys and more.

SMALLER FOOTPRINT

The new EPIC Abdominal Crunch has a smaller, narrower footprint to free up your square footage.

CONTOURED SHIN PADS

Contoured shin pads help support and isolate the abdominals while also adjusting to accommodate users of varying sizes.

GAS SHOCK FOR SHOULDER PAD RELEASE

The shoulder pad assembly features a gas-shock shoulder pad release for easy entry and exit of the new EPIC Abdominal Crunch machine.

HEAVY DUTY CABLE

Heavy duty cable is designed to support the rigorous usage demands of this machine.

HEAVY DUTY FLOOR PROTECTORS

Made with molded rubber, the Freemotion floor guards help better protect your floor.
