EPIC FREE WEIGHT OLYMPIC INCLINE BENCH

PRODUCT FEATURES

Y-SHAPED FRAME

The unique shape of this frame gets the spotter as close as possible to the lifted, to assist with each rep.

DURABLE, ADJUSTABLE

Multiple height settings will fit a variety of members. With high-quality vinyl and 1.5 in (3.8 cm) foam, you'll give members comfort and durability that can last for years.

INCLINED TO DO MORE

To target the muscles of the upper chest, the backrest is set at a 35-degree angle.

MULTIPLE BAR RACKS

For maximum bar clearance, the Olympic Incline Bench was designed with 2 rack heights. The bar racks feature molded covers for added durability and reduced wear. They were built and placed at an extended width to accommodate wide hand positions.

PLATE LOAD DESIGN

Plate holders are positioned near the bar racks for easy loading and unloading.

BOLT-DOWN HOLES

For added safety, this bench can be bolted to the floor through pre-drilled holes.

INDUSTRIAL CONSTRUCTION

The Olympic Incline Bench is built with heavy-duty steel. It's also electro-statically powder-coated for a commercial, sleek finish.

PLATE-LOADED CALF

MODEL # EF222

STRENGTH EPIC FREE WEIGHT

The EPIC Plate Loaded Calf ergonomically targets calf and foot muscles to give your members the ability to isolate this critical muscle group. Your clients will love that the non-slip Line-X® coating stabilizes foot placement to optimize improved muscle activation – while the dynamic rollers deliver a smooth and natural rep that allows you to feel the weight, not machine friction. Your team will love that the nickel-plated weight storage bar prevents corrosion and rust, and we've even electrostatically powder-coated the 11-gauge steel tubing with paint that we put through 2,000 hours of salt spray testing.

EPIC FREE WEIGHT PLATE-LOADED CALF

PRODUCT FEATURES

SMOOTH WORKOUT

The seat and backrest glide smoothly, quietly, and without resistance up and down the guide rods. Users don't feel machine-like resistance, only the natural resistance of the weights.

SECURE FOOT PLACEMENT

The large platform is coated with textured Line-X® coating for exceptional durability and stable foot positioning that ensures a safe and efficient workout.

LONG-LASTING COMFORT

Covered with high-quality double-stitched vinyl, the newly redesigned polyurethane seat and backrest provide 4X the durability and enhanced comfort.

PLATE STORAGE BARS

Durable nickel-plated weight holders are positioned near the bar racks for easy loading and unloading, providing convenient storage for plates while withstanding corrosion, rust, and heavy use.

INDUSTRIAL CONSTRUCTION

The Plate Loaded Calf is built with heavy-duty 11-gauge steel. It's also electrostatically powder-coated for a commercial, sleek finish.
